

How to View & Print COVID-19 Test Results on TRICARE Online

Note: The user must have already registered for a TRICARE Online account

1. Go to www.tricareonline.com and sign on either via DS Logon or CAC login
2. Select Health Record

3. The main page will display your most recent results and encounter details from the last 15 months. This page will also display the Family Sponsor and also show whose information is being displayed. If for some reason you don't see the COVID-19 Lab Test, use the navigation pane on the left hand side and select "Laboratory Results". You should see your COVID-19 test on that page as well

The screenshot shows the 'Laboratory Results' page. The left navigation pane has 'Laboratory Results' circled in red. The main content area displays instructions and a dropdown menu for 'View personal health data for: John'. Below this, there is a section for 'Summary of last 15 months' with a table of laboratory results. The 'COVID-19' test result is circled in red.

Lab Test	Lab Type	Date/Time Collected
COVID-19	Chemistry/Hematology	31 Dec 2020 @ 0343

4. Left click on the COVID-19 test

5. The results of your COVID-19 test will be displayed along with the collection and certification dates.

The screenshot shows the Patient Portal interface. At the top, there is a navigation bar with links for MHS, FAQs, Feedback, Quick Links, Resources, Contact Us, and Log Out. Below this, the user's login information is displayed: "Today's Date: Friday, 22 Jan 2021, Last Login: 22 Jan 2021 @ 1029" and "Military Health Care Facility: AF-H-374th MEDGRP-Yokota AB (update)". A "Switch to Mobile" link is also present. The main navigation menu includes Home, Appointments, Rx Refill, Health Record, Service Separation, Profile, and Admin. The left sidebar contains various health record categories, with "Laboratory Results" selected. The main content area displays instructions for viewing health information and a "Blue Button Download/Share my data" icon. Below this, the "Laboratory Results" section shows a table with one entry: "COVID-19" collected on "31 Dec 2020 @ 0343". The test details for "SARS-CoV-2 PCR" are shown as "NOT DETECTED".

Instructions: You are seeing portions of your own or your family member's personal health information (PHI) as stored in the military electronic health record (EHR). Contact your health care team if you have questions or are concerned the information displayed is incorrect or missing. If you are receiving an error message, select [Contact Us](#) to report the problem.

Due to State Laws, the types of health record data available for display on TOL may vary for minor aged children. Please contact your health care team to request health data outside of the [varying maximum ages](#).

To PRINT COVID-19 Test Results

1. Click on the "Blue Button Download/Share my Data" icon

This screenshot is identical to the one above, but the "Blue Button Download/Share my data" icon is circled in red to highlight it. The icon is a blue circle containing a white download arrow and the text "Blue Button Download/Share my data".

2. Select Laboratory Results with all subsections checked. Enter the date of your COVID test (visible from the previous page). This will ensure your printout only contains the necessary COVID-19 test information
